Introducing the New
Ultra Colour Indulgence Lipstick

*“WE LOVE IT,
SO WILL YOU!”*

*Our employees put our latest
lipstick to the test. They love it...
and so will you!*

"I really enjoy this lipstick! I was a bit sceptical as most lipsticks tend to dry out my lips. But the new Ultra Color Indulgence is everything it promises to be! My lips feel hydrated and I don't need to apply an additional moisturiser. It also lasts longer than my other lipsticks and I love the smell."

2 *Fatima Rhoda,
Paulshof*

"I just love the new Ultra Color Indulgence lipstick. It's a fabulous moisturising, yet lightweight lipstick. Love the fragrance and the rich colour!"
*Lizelle Rokebrand,
Sunninghill*

"I love the rich moisturising feel on my lips. It leaves my lips feeling silky-smooth and soft. I only need to apply it twice a day as it lasts longer than my other lipsticks. I like that it doesn't smudge when I eat and it's not too shiny."
*Nolo Koko,
Johannesburg*
